

MARCH 2022

APIDT Annual Report 2021

The APIDT Annual Report incorporates the funding activities, revenue, and expenses for APIDTT Pty Ltd (ACN 638 389 072) ATF for Asia Pacific Internet Development Trust, including those of its subsidiary, APIDT Infrastructure Pty Ltd (ACN 644 451 150). This report covers the calendar year (January to December) 2021.

Funding activities include investment to support regional Internet infrastructure projects undertaken by APNIC Infrastructure; and grant funding for other regional Internet development projects of the APNIC Foundation¹.

Expenses reported here include all expenses related to the operations of APIDT, and APIDT Infrastructure.

Income reported here is generated by APIDT's investment portfolio, including distributions, dividends and increases in the value of the funds invested.

Funding Activities 2021

ARENA-PAC

The Arterial Research and Educational Network in the Asia Pacific (ARENA-PAC²) is a backbone network with supporting research and education networks, operated by APIDT Infrastructure. It is made up of an international submarine cable circuits meeting at the GOREX³ Internet Exchange Point in Guam, which together serve a goal of expanding the Internet for research and education in the Asia Pacific region.

Tokyo – Guam

A 15-year Indefeasible Rights of Use (IRU) agreement was signed in January 2021 to provide connectivity between Tokyo and Guam. The outlay for this link included an IRU Fee (one-time) with ongoing operations, administration and maintenance (OA&M) charges over 15 years. The circuit became active from April 2022. The IRU upfront investments in IRU agreements are amortised over the life span of the IRU agreement.

Guam - Singapore

As part of a consortium, a 15-year IRU agreement was signed to provide connectivity between Guam and Singapore. The outlay for this link includes an IRU Fee (one-time) with ongoing OA&M charges over 15 years. APIDT will contribute 25% towards the cost of these fees. This link went live in January 2022, after a cut to the cable in December delayed the link's availability.

Other circuits

During 2021, negotiations commenced to enter into capacity agreements from Guam to the Philippines and from Guam to Indonesia. It is anticipated that if agreements are reached these links will be available in 2022.

Equipment

A purchase order for equipment to support connectivity in Tokyo, Guam, Indonesia, and the Philippines was placed in December 2021, with deliveries expected to commence in mid-2022.

APNIC Foundation

The APNIC Foundation (ACN 646 643 156) shares a common vision with APNIC of "a global, open, stable, and secure Internet that serves the entire Asia Pacific community". Under this vision, the Foundation's mission is to increase investment in Internet development in the Asia Pacific region, through education and training, human capacity building, community development, research, and related projects and activities.

APIDT funded the APNIC Foundation to undertake 8 major projects in 2021. The total approved grant request was for USD \$9,162,745 of which USD \$6,453,641 was incurred by the end of 2021.

The Grant program in 2021 comprised the following projects:

- ISIF Asia
- M-Root anycast deployment support
- APNIC Academy
- Community trainers
- Training delivery
- Curriculum development for non-technical audiences
- Asian Internet Interconnection (AI3) and School of Internet Asia (SOI) and Foundation
- Sponsorship

Income 2021

During 2021, funds received from the sale of IPv4 addresses were finalised and progressively transferred into an investment portfolio. Initially, USD \$350M was transferred into the fund in late April and early May, with a further USD \$46M transferred in July.

An investment advisory committee was established in 2021 to assist in the management of these funds and to help establish a robust Investment Policy Statement to guide future investment decisions. The funds have been invested in a "Yield" portfolio in USD in the interim.

At the end of December 2021, the Investment Fund was valued at USD \$405,866,995.

Expenses 2021

Funding Expenses 2021

Grants - APNIC Foundation
